This was such a fun story. My kids absolutely loved it. Can't wait to read more by this author. The illustrations were absolutely beautiful. ... It was all around a great buy and will add a lot to our book collection.

What charming characters in "Uproar the Helpful Bull." From the Helpful Bull showing kids how to be helpful.... to parents who need to appreciate the way kids help, this book is filled with positive vibes. Great for kids and parents to read often.
